

Transforming Innovation Fitness for Growth

We help companies to increase their confidence and ability to deliver innovation with certainty

HOW WE SUPPORT YOU

Others simply advise. Our seasoned innovation experts support you through pragmatic program design and hands-on delivery with excellence.

DIAGNOSTICS

Innovation STRATEGY Health Check

Assessing the ability of your innovation organisation to effectively align, engage, execute and renew via a structured diagnostic across 9 dimensions of organisational health

WINNING PORTFOLIO

Designing & Managing a winning INNOVATION PORTFOLIO

A structured approach to strengthen your innovation portfolio's ability to deliver strategic objectives hand in hand with market partners, and govern it with excellence via expert tools, customised processes and clarity of roles & responsibilities

INNOVATION DESIGN TO DELIVERY

Collaborative IDEATION for a Richer Pipeline

Equipping you with collaborative methodologies and the associated "humanology" enabling you to uncover new opportunities and achieve unprecedented engagement in delivery of innovation

Bringing the best of the OUTSIDE-IN

Turbo-charge your innovation pipeline, complementing internal assets via an active open-innovation model and proven methodologies for strategic external partnerships

Accomplished PROJECT MANAGEMENT

Your projects delivered by our experts, via a common language, playbook and professional standards to allow all innovation contributors to do the right thing, at the right time, in a fully interdependent way

Innovation LAUNCH EXCELLENCE

We help you in designing and implementing launch excellence best practices in order to make each product market launch as fast and effective as possible

TRANSFORMING FOR PERFORMANCE

Getting IN SHAPE for Innovation

Partnering with you in shaping your operational model, processes and tools to strengthen delivery of your short-term goals and build a rich future-focused innovation pipeline

LEAN Transformation of R&D EFFECTIVENESS

Supporting your change projects involving introduction of new lean operational models, organisational structures, processes and tools (incl. digital) with business continuity

ADAPTIVE Innovation Systems

Start-up agile methodologies, tools and organisational models to complement your traditional innovation streams with the best practices from market disruptors

ORGANISATIONAL and CULTURAL Transformation

We support you in shaping your organisational design and innovation culture to foster new vectors of growth, making the best of your assets via unprecedented engagement

Innovation Delivery CAPABILITY Building

Developing your capability to deliver innovation with the right mindset, processes and tools, via hands-on expert partnership, training, and knowledge transfer methodologies
